

Welcome

Thank you for visiting us online. HRBS began in late 1999 as a gathering of believers from the Dinuba & Reedley, CA area who wanted to study scripture without any preconceived ideas. We quickly realized that, in our search for truth, we needed to take off our "Greek glasses" and look at scripture through a "Hebrew perspective". Hence our name, "HRBS", "Hebrew Roots Bible Study". We were amazed at how the scriptures came to life even though most of us had been believers from our youth. Then, when we started putting off the traditions of men that many of us had been raised with and started living out our faith in accordance with Yahshua's example, and implementing the same standards that He lived by, we realized a peace that we had never known before. Over the years we have developed into a small community who keep the Sabbath along with all of the "appointed times" of the Creator, and do our best to uphold the Torah through Yahshua. ~Blessings, HRBS
